Section 2(ee) Recommendation

Date: January 29, 2020

Product: Demand® CS Insecticide
EPA Reg. No. 100-1066

Use: Control of Spotted Lantern Fly on Ornamentals and Structural and Perimeter
Outdoor Surfaces

State: NY

Directions for Use

- **It is a violation of Federal law to use this product in a manner inconsistent with its labeling.**
- **The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.**
- **The user should have this recommendation in its possession at the time of use.**
- **This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.**

For control of spotted lantern fly on ornamentals (including trees and shrubs), apply Demand CS Insecticide at 5.0 fl oz/100 gallons or 148 mL/100 gallons of water.

For control of spotted lantern fly on structural and perimeter outdoor surfaces (using hand or power application equipment), apply Demand CS at 0.8 fl oz/gallon of water (0.06% dilution) or 24mL/gallon of water. Make applications to ornamental plants next to foundations of buildings and to surfaces of buildings, porches, screens, window frames, eaves, patios, garages, refuse dumps, and other similar areas where this pest is active.

Follow all other product use directions, restrictions, and precautions on the Demand CS Insecticide Federal label.
